I-88 SPEEDWAY

Special Events for 2012

Wade Decker Memorial Race

This will be a special to honor the memory of Wade Decker and his family. We will run the two classes that Wade mastered and it will be a must see spectacle. We will feature the Modifieds with a huge \$5000 to win special with many extra contingencies and lap money. Also on the ticket will be the popular Street Stock class that always put on a show at the I-88 Speedway. The winner of this popular event will secure \$1000 for their efforts and this race will also have special awards and lap money on the line. This events popularity has already grown beyond what we could have imagined and stay tuned for updates as they become available. The date to remember is Tuesday July 24th. This is one event you won't want to miss. Come and help us honor a deserving and great man.

I-88 to Host two Race of Champions events in 2012

The always popular Andy Harpell led Race of Champions events will return to the I-88 Speedway in 2012. These events will include a RoC Modified event on Tuesday June 27th. This will be a first under the current promotion team and will have a minimum winners share being \$4000.00. The second RoC event will be a RoC Sportsman event to hit the Speedway on August 28th with \$1500 for the winner in the 40 lap special.

CRSA Sprint Cars

Once again the CRSA Sprint Cars will be featured at the I-88 Speedway. These popular nights will happen three times in our Friday night weekly shows and will also be highlighted once this season on a mid week event. The Friday night dates will be May 18th which will also be fan appreciation night for the sprinters. The other Friday dates will be July 6th and September 14th. The mid week event will be on Tuesday August 28th. If your a Sprint fan make sure you mark these dates in your calendar.

4 Cylinders to get their mid week opportunity

This season the popular 4 Cylinder class will get their chance in the spotlight. They will be a part of the mid week event headlined by the RoC Modifieds on June 27th. This will be a big night at the speedway. The support of the 4 Cylinders at the speedway has always been remarkable and the speedway wanted to give them the chance to be part of the spectacle for their support. This event will pay the winner \$500 and will be a open 4 cylinder special so it will accomodate the other area track rules. Front wheel drives only.

Algonkin Motel Team Challenge

The Algonkin Motel has offered a bonus that will be structured as a team based reward. This team will consist of 1 driver from each weekly division. The nightly points will give the teams total for each week. This total will be a season long tally to give us the final points for the team challenge. To make the teams more equal we will have a points average that all teams must be lower than in order to make a team. There will be a registration of \$100 for each team that will go directly to the payback and also Algonkin Motel will match this \$100 for each team registered. All money will be paid back to the drivers based on a 30% payback. So if there are 10 teams we will pay all money back to the top 3 teams.

Please contact Jamie Page for further details at 607-760-0671.
